63-02-04-02. Temporary permit.

1. An applicant for a temporary permit to practice podiatric medicine in North Dakota must submit a complete acceptable application for an annual license and pay the required fee for a temporary permit and the application fee. The oral-practical examination may be completed during the permit period. The applicant must submit written evidence that the applicant has been accepted as a resident in a clinical residency program and that the clinical residency program meets the standards set forth in this title.
2. A granted temporary permit is valid for the period of clinical residency training and is not to exceed twelve months beginning with the first day of clinical residency training. A temporary permit may be reissued once if the applicant submits acceptable evidence that the clinical residency training was interrupted by circumstances beyond the control of the applicant and that the sponsor of the program agrees to the extension and the applicant pays the temporary permit fee.
3. The temporary permit is automatically revoked if an applicant has engaged in conduct that constitutes grounds for denial of licensure or disciplinary action, discontinues training, or moves out of North Dakota under the procedures of automatic revocation as set forth in North Dakota Century Code section 43-05-16.2.

4. The scope of practice of the temporary permitholder is limited to the performance of podiatric medicine within the structure of the clinical residency program within which the temporary permitholder is enrolled and is not authorization for independent practice.
